Teni Davoudian, PhD, ABPP
Presenting from Baylor College of Medicine

Karen Horst, MD
Presenting from Baylor College of Medicine

Learning Objectives

- Identify the psychological impact of infertility on individuals and couples.
- Discuss coping strategies and therapeutic interventions for managing infertility-related stress.
- Explore the intersection of infertility and perinatal mental health.
- Review case studies highlighting the importance of mental health support during fertility treatments.
- Collaborate with members of the interprofessional healthcare team to identify mental health needs, provide appropriate support, and connect individuals and couples experiencing infertility with relevant treatment and referral resources.

If you have CME/CEU questions, please email OPDACE@TTUHSC.EDU for assistance.
